

T-SHIRTS FOR THE TEAM

Celebrate your crew or community with a custom-designed tee!

Benefits Of A T-Shirt Campaign

- Show some appreciation to remote workers and rekindle your sense of community
- Remind residents and other stakeholders that they're on your mind while events are on hold
- Reward your employees for their extra hours and taxing work
- Raise money by selling these with deliveries or at a pick-up counter

T-SHIRT TIMELINE

Steps For A Successful Apparel Campaign

1. Determine Your Goal

Are you looking to raise money, drive brand awareness, or motivate your team and community? This will determine whether you'll be charging for shirts or giving them away.

2. Choose Your Style

Now it's time to pick your specific shirt, including the style and color. Your Promotional Consultant will assist with finding options and fill you in on pricing.

3. Decide On A Design

Pick a theme and have our Design Department create a one-of-a-kind shirt for your business! Not sure where to start? [Check out some of our favorite designs here!](#)

4. Tell The Team

Send out the design and order form (or ordering webstore link) for your peeps to place their order with sizes.

5. Receive Your Shirts

After your order is approved, your shirts will be printed and shipped. Drop shipping is available! If recipients are picking up shirts from you, let them know how they can pick them up.
